Volumetric Fund is a "no-load" (no sales charge or distribution fee) US equity mutual fund, with an objective of capital growth and downside protection during adverse market conditions. It was founded by Gabriel Gibs, Chief Executive Officer and Co-Portfolio Manager, in 1979. The Fund offers a variety of regular and retirement accounts for individuals and businesses.

While Volumetric's investors are across the US, many of its shareholders live locally. Unlike a large company, the Fund's local presence, allows its shareholder the unique opportunity to speak and meet directly with the portfolio managers. As Rockland County's only mutual fund, many of its shareholders have grown by "word of mouth" and by personal recommendations.
